

# Connecting to Euroclear's EasyWay service with BT Radianz

Euroclear's new EasyWay service is an intuitive web-based interface between your business and Euroclear

## About EasyWay

Euroclear is a major provider of post trade services for the finance and banking sector. It lets you settle transactions and manage risk, as well as to safekeep securities.

Euroclear's new EasyWay service is an intuitive web-based interface between customer businesses and Euroclear. With its dynamic dashboard, EasyWay adds functionality, letting you work more efficiently and perform tasks more quickly. EasyWay also helps you manage operational risks even better in real time, and in a totally secure environment.

As the world's largest secure networked financial community, BT Radianz is the perfect network partner if you're a Euroclear customer. Hundreds of Euroclear customers already choose BT Radianz for their connectivity needs, including connecting to EasyWay.

## The BT Radianz Cloud

As the world's largest secure networked financial community, BT Radianz is the perfect network partner for Euroclear customers.

The BT Radianz Cloud supports many thousands of financial customers globally, providing connectivity to over 400 of the world's leading financial service providers including brokers, exchanges, market data sources, analytics, clearing firms and other financial services providers.

BT Radianz offers secure access to content, applications and services across the entire trading cycle for all asset classes. It consolidates all your external market connectivity on to a single connection, simplifying integration, while ensuring fast, secure and reliable access to service providers and trading partners.

## Benefits

### Security

The BT Radianz Cloud offers inherent security and privacy. BT Radianz also supports Soft certificate – an easier to use, less complex security option.

### Reliability and performance

BT Radianz offers an award-winning service backed up by service level guarantees. BT Radianz will reduce complexity while maximising performance.

### Cost-effective

Connecting to EasyWay using BT Radianz can be done quickly and cost-effectively with little disturbance to your existing service.

### Ease and speed

You can access EasyWay using your existing BT Radianz connection.
