Flexible, agile, secure SD-WAN for a demanding world

Want to cherry-pick your perfect SD-WAN solution? We’ve got the Crown of the crop.

SD-WAN transformation

Industry drivers

65%

10,000 global SD-WAN sites

95%

10 million+ malicious communications blocked each month

75%

Delivering financial services remotely

• Low cost redundancy for business continuity
• Deploy new sites anytime, anywhere
• Network visibility and control
• Encrypted private network traffic
• Secure and optimised connections to cloud services

SD-WAN transformation

Optimal Performance

VMware’s smart Dynamic Multipath Optimization™ (DMPO) ensures optimal SD-WAN performance for your most demanding applications – no matter where applications or users are located.

Why BT and VMware?

Managed services you can trust

Frost & Sullivan named a Leader in the 2020 Gartner Magic Quadrant for WAN Edge Infrastructure

Future-proof business transformation

180
goals of improvement on average with a successful deployment

100
